Ministry Assessments –

taking steps toward a more effective future

To move to the next level, you need to know where you are today and where you want to be in the future. Our on-site ministry assessments will provide an objective view of current reality in any of the following areas of ministry:

- Hospitality & worship
- Classes & learning opportunities
- Small groups
- Missions & outreach
- Assimilation
- Leadership structure
- Administrative processes & procedures
- Communicating with the congregation & the community

The process we use is determined by the ministry being assessed and can include any of the following:

- Unannounced “secret shopper” visits
- Interviews with key ministry leaders and/or staff
- Focus groups
- Demographic review & analysis

Within 30 days of completing a ministry assessment, you will receive a written report that includes observations highlighting both the ministry’s strengths and growing edges as well as specific recommendations for your consideration.

Please contact our office for more information including pricing.
